MEMORANDUM FOR: Chief, Technical Plans & Development Staff

VIA: Chief, Technical Intelligence Division S.J.

SUBJECT: [REDACTED] Proposal
25X1A

The enclosed proposal infers that [REDACTED] would like to do the following:

25X1A

- (1) Calibrate the stellar-terrestrial system.
- (2) Improve the orbit by photogrammetric means.
- (3) Determine the attitude of the panoramic cameras by employing the stellar-terrestrial exposures and other known data.

COMMENTS: 25X1A

25X1A

Item (1) will be done by ACIC. [REDACTED] indicated that [REDACTED] wants "Uncle Sam" to do extended jobs. It is planned that items (2) and (3) will eventually be done in TID when the higher priorities have been satisfied.
